

# Windows App Certification Kit - Test Results

App name:

**Rolly Mountain**

App publisher:

**HugoDaniel**

App version:

**1.0.1.0**

App Architecture:

**x64**

Kit Version:

**10.0.14393.33**

OS Version:

**Microsoft Windows 10 Enterprise (10.0.14393.0)**

OS Architecture:

**x64**

Report time:

**12/10/2016 9:22:29 PM**

---

## Overall result: **PASSED**

---

### Deployment and launch tests

<b>PASSED</b>	Bytecode generation
<b>PASSED</b>	Background tasks cancelation handler
<b>PASSED</b>	Platform version launch
<b>PASSED</b>	App launch
<b>PASSED</b>	App prelaunch
<b>PASSED</b>	Crashes and hangs

### Package compliance test

<b>PASSED</b>	Application count
---------------	-------------------

<b>PASSED</b>	App manifest
<b>PASSED</b>	Bundle manifest
<b>PASSED</b>	Package size
<b>PASSED</b>	Restricted namespace

## Windows security features test

<b>PASSED</b>	Binary analyzer
<b>PASSED</b>	Banned file analyzer
<b>PASSED</b>	Private code signing

## Supported API test

<b>PASSED</b>	Supported APIs
---------------	----------------

## App manifest resources tests

<b>PASSED</b>	App resources
<b>PASSED</b>	Branding

## Debug configuration test

<b>PASSED</b>	Debug configuration
---------------	---------------------

## File encoding test

<b>PASSED</b>	UTF-8 file encoding
---------------	---------------------

## App Capabilities test

**PASSED** Special use capabilities

## Windows Runtime metadata validation

**PASSED** ExclusiveTo attribute

**PASSED** Type location

**PASSED** Type name case-sensitivity

**PASSED** Type name correctness

**PASSED** General metadata correctness

**PASSED** Properties

## Package sanity test

**PASSED** Platform appropriate files

**PASSED** Supported directory structure check

## Resource Usage Test

**PASSED** WinJS background task
